

FCC,

I am amazed that the recent news to possibly broadcast "Stolen Honor" has not yet been put to rest. You are the governing body whom decides what is appropriate for the masses of Americans to watch. Please exercise fairness and not allow Sinclair Broadcasting to air their anti Kerry propaganda-smear. This would surely be unfortunate for the public.

There has been around the clock coverage of both campaigns and debates for Americans to make well established decisions.

Again, please do what is best for the millions of American viewers.
